Subject: Conversation with Wilbur, Donald

Wilbur, Donald 3:33 PM:

in Shalu's general, can I call you back?

Metzger, Michael 3:33 PM:

Sorry - I meant to text you anyway. Was there a cumulative memo that also need to go out for aldicarb? Thanks.

Wilbur, Donald 3:34 PM:

yes, the document Phil was drafting along with EFED

Wilbur, Donald 3:34 PM:

last I heard OGC wanted a standalone memo regarding the CRA... unless that has changed

Metzger, Michael 3:34 PM:

OK. I'll send him a note. I hope he's got it ready to go out the door.

Wilbur, Donald 3:35 PM:

I was leaning on him, not sure I've seen a final version

Wilbur, Donald 3:35 PM:

it has pretty graphs still

Wilbur, Donald 3:35 PM:

Dana contacted him about it too

Metzger, Michael 3:35 PM:

They have to be posted to the docket tomorrow, and still haven't gone through check for CBI.

Wilbur, Donald 3:36 PM:

the version from 1/7 is the last one I have seen

Metzger, Michael 3:36 PM:

He's off line. Hmmm. Ideas?

Wilbur, Donald 3:37 PM:

sigh....

Wilbur, Donald 3:37 PM:

hes out of office until tomorrow

Wilbur, Donald 3:38 PM:

David will need to finalize it today or Phil will first thing in the AM tomorrow

Metzger, Michael 3:40 PM:

OK. SIMB may not get to both of the other memo's until tomorrow either. I guess we're cutting it close. Might want to mention to Marietta as RD is having a cow. But note that I told them that they had to give us enough time for outprocessing, and they pretty much ignored me, although I understand because this has moved fast.

Wilbur, Donald 3:41 PM:

they havent managed this well.... at all

Wilbur, Donald 3:41 PM:

and its all making it stupid for us

Wilbur, Donald 3:44 PM:

I'll reply back to Phil's email saying that the comments need to be addressed and the document finalized tomorrow AM. Have you reviewed it yet?

Metzger, Michael 3:48 PM:

I looked at it on Friday, and didn't have much to add. I did pull some stuff from it for the RTC. I'm not sure how they're going to get all of this done tomorrow - remember, they're bundling this with streptomycin. **Ex. 6 Personal Privacy (PP)**
Ex. 6 Personal Privacy (PP) will probably be back and can check up on things by maybe 5:00 pm.

Wilbur, Donald 3:51 PM:

gotcha, thanks

Wilbur, Donald 3:51 PM:

Ex. 6 Personal Privacy (PP)

Wilbur, Donald 3:51 PM:

they just told us today to finalize?

Wilbur, Donald 3:53 PM:

we will likely need a sub-bean for this too

Metzger, Michael 3:55 PM:

We've known we have to finalize since maybe last Wednesday - I sent a note to RD telling them that they had to get responses to us ASAP because it would take some time to complete outprocessing - I think they finally responded to my note Thursday night and wanted everything out the door by Friday - but folks in SIMB were out Friday, so it moved to today - against my better judgement - I have my evil e-mails, if you're interested. But the bottom line is that RD waited too long, until people in SIMB were out of the office, and now we're here where we're at.

Wilbur, Donald 3:56 PM:

gotcha... RD.... killing us slowly....

Wilbur, Donald 3:59 PM:

I'm not sure they could have mis-managed this any "better"

Metzger, Michael 3:59 PM:

Well, the dream team in the dream branch.

Wilbur, Donald 4:00 PM:

yeah....
